

Colwyn Borough Municipal Services Committee

221 Spruce Street,
Colwyn, Pennsylvania 19023

Fred Leshner, Chair

Municipal Services Committee Report – February 6, 2014

Highway Department

- We have been going through some rough snow storms lately – our Highway Department consists of two men – one full time – John Cizmarik and one part time – Tracey Bell. Both have been doing a tremendous job under the pressure with little material and equipment to work with.
- The snow plow has broken several times but the employees have managed to fix it each time. I'd like to look into purchasing an additional plow as a back-up in the near future.
- We are running on very little salt – using it sparingly, so please – residents once the plow comes through – please do not shovel snow back into the street – as it destroys our equipment, wastes our salt and takes extra time. Together we can get through this mess!
- We are in the process of contacting Delaware County Community Service to assist us with tasks around the town – snow shoveling, ice removal, help with the highway department etc.

Borough Engineer – Alex Rodriguez

Mr. Rodriguez would you like to add anything to the Municipal Services Committee Report?
